Community Group Discussion:

1. When we read Hebrews, we find a ton of details about a religious system we don’t have today, about the tabernacle and the Levitical priesthood. What is our tendency when we read Hebrews? Why is the careful study of Hebrews important? After discussing this, take time to read again today’s text, Hebrews 8:1-6.

2. In Hebrews 8:1, the writer gives us the point of all his detailed instruction in chapter seven. He says, “We have such a high priest.” Why would that statement have encouraged the first readers of this epistle? Why should it encourage us?

3. Verse 1 says that our high priest is *seated*. Why is that significant?

4. According to verse 2, where is our high priest right now and what is He doing?

5. According to verses 3-6, our high priest is superior to all other priests in several ways. What ways are mentioned? How should this truth affect our lives this week?

6. Allow the truth of this passage to guide you in a time of meaningful prayer. Have different people lead the group in prayers of praise and petition. Remember, we have a high priest. Let’s approach the Living God with confidence through Him.
